I, J. B. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 10 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 11 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

15—1110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 12 (Last permanent residence).—The entries in column 12 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 13 (Final destination).—The entry in column 13 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 18 (Whether having a ticket to such final destination).—The entry in column 18 should be either Yes (ticket) or No (no ticket).

Column 19 (By whom was passage paid).—The entry in column 19 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 24 (Whether in possession of $50, and if less, how much).—The entry in column 24 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 25 (Whether ever before in the United States; and if so, when and where).—The entries in column 25 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 26 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 26 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 27 to 32.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W'd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 21.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W'd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

(52)

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W'd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—4110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), W (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe in accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens arriving.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1719

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 12 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 13 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom alien's passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904–07, Philadelphia.

Column 18 (Going to join a relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 87.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, J. B. D—1110

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amounts of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Ys—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race, people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—4115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, *and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid; as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, Jas. Pratt, Surgeon of the CARMANIA, SAILING THEREWITH, do solemnly, sincerely, and truly SWEAR that I have had 29 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of R. C. P. Eng., and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 30 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1135

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (tickets) or No (no tickets).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The returns of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should to paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia), and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns *17* to *47*.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, J. B. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien over 14 years of age. Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, sound turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Able to read and write).—Column 8 is subdivided and the entries therein should be either Yes—Yes (can read and write). No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

25—1119

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—The entries in column 11 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (tickets) or No (no tickets).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid; as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of $50, and if less, how much).—The entry in column 15 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1900-07, Philadelphia.

Column 17 (Whether going to join a relative or friend; and if so, what relative or friend, with name and complete address).—The entry in column 17 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 18 to 42.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, J. B. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm *for* the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only *for* a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1139

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), W (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

21—2138

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 12 (Last permanent residence).—The entries in column 12 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 13 (Final destination).—The entry in column 13 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and (if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and (if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 21.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, J. B. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

11—1110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as "United States" for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (tickets) or No (no tickets).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

I, Jos Price, Surgeon of the CARMANIA, * SAILING THEREWITH, do solemnly, sincerely, and truly SWEAR that I have had 29 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of U. K. Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, J. B. Watt, of the CARMANIA, from LIVERPOOL, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 29 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, an insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

25—1156

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood farmer, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "In transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) to the United States before; and if so, the year (or period of years) and place: as, 1903-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher (not moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "In transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—3130

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid; as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, J B Watt, * of the CARMANIA, from LIVERPOOL, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 29 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

11—1110

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), W (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 12 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 13 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16. (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1113

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relatives or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1113

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place: as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

11—1119

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arrival as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Able to read and write).—Column 8 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last personal residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 17 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904–07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, J R Watt, * of the CARMANIA from LIVERPOOL, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 28 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien at last, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron worker, wood turner, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of Surgeon.

C. D. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in last on reverse side of alien manifest.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e. compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $30, and if less, how much).—The entry in column 14 should give to each one (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relation or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W'd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes-i No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relatives; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 4 (Sex).—The entry in column 4 should be either M (male), or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival as, for example, (1) civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1113

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence in-dependent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination. If within the United States, country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1884, N., Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for examples: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes– No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e. compartments of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (*Age*).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry in column 5 should be either M (male) or F (female).

Column 6 (*Married or single*).—The entry in column 6 should be either M (married), S (single), W 4 (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Ownership or no ownership should make this distinction on the manifests, and corrections should be made, if necessary, by inspection and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (*Able to read and write*).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (*Nationality*).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (*Race or people*).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following definitions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (*Last permanent residence*).—The entries in column 10 should show the country, *and city or town* of last permanent residence. It is important for statistical purposes that reasonably exhaustive answers show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Columns 11 (*Final destination*).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (*Whether having a ticket to such final destination*).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (*By whom was passage paid*).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; citizenship company, etc.

Column 15 (*Whether ever before in the United States; and if so, when and where*).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904–07, Philadelphia.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as *for example*: Clerk, engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

11—4110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The ration of age in column 2 should be expressed in years or months, the latter appearing only in those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), W'd (widowed), or D (divorced).

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emilia), and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia), and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904–07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of such alien at arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1113

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Eng., and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 24 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(14)

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), W'd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 10 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence (independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the men who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and who are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 4 (Nationality).—Column 4 should be construed to mean the country of which immigrant is a citizen or subject.

Column 5 (Race or people).—The entry in column 5 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, *and city or town* of last permanent residence. It is important, for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—2118

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 42.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on back of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—4118

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Name and complete address of nearest relative or friend in country whence alien came).—The entry in column 11 should give name and address of such relative. If no such relative living, give name and address of friend.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of $50; and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 29.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

(Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

(Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron worker, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write); or Yes—No (can read but not write).

Columns 10 (Nationality).—Columns 10 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—3110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 12 (Last permanent residence).—The entries in column 12 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 13 (Final destination).—The entry in column 13 should show distinctly the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of $50, and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), W-d (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 10 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 11 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1119

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Gaubert Master, * of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as (for example) Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of such alien arrival as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

15—4110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (tickets) or No (no tickets).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place: as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Gaetano Morba, * of the MADONNA, from Palermo, do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 73 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or vacciss, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make the distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1119

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, *and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Gaetano Mentasti, * of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W'd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, America Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the Rl. or Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904–07, Philadelphia.

Column 16 (Going to join a relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only in those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W'd (widowed), or D (divorced).

Column 6 (Trading or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Gaetano Morta, * of the S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negros).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negros).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1118

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom such passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place: as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Gaetano Maria, of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place: as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 21.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Gaubert Morte,* of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens' arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), W 4 (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, tool maker, wood turner, etc., and not simply as engineer, polisher, maker, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might perfectly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e. compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of them people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904–07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W d (widowed), or D (divorced).

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), W (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 4 (Nationality).—Column 4 should be construed to mean the country of which immigrant is a citizen or subject.

Column 5 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. 11—1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8. (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—2135

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Columns 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1155

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives i. that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the ambient of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—*Yes* (can read and write), No—*No* (can neither read nor write), or Yes—*No* (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cubá (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Master*, of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Able to read and write).—Column 8 is subdivided and the entries therein should be either Yes—Yes (can read and write), No. No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent. 11—1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—The entries in column 11 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 14 (Final destination).—The entry in column 14 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, *and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The entry of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien person, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as "laborer," "polisher," "molder," "turner," or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown in hand.

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction in the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1118

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Africa or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates by admixture of Negro blood should be classified under this heading.

GREEK (NORTH).

The people who are native to the basin of the River Po in northern Italy; i. e., comprising the provinces of Piedmont, Lombardy, Venetia, with Trentino and their dependencies, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po; i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their dependents, should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States, country if outside the United States.

Column 12 (Whether having a ticket toward final destination).—The entry in column 12 should be either Yes (ticket) or No—no (ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Gaetano Master, * of the S/S MADONNA from Naples, do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 43 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 [Able to read and write].—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 [Race or people].—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (Black).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, James Master, * of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, nursing engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1906-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1119

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia), and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; *friend*; steamship company, etc.

1

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W.d. (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1138

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom were passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Jashua Marsh, * of the MADONNA, from Naples, do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 73 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

11—1113

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other Islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place: as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded neither head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other Islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, *etc.*

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column. 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austro-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1118

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and *city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Master Master, * of the MADONNA from Naples, do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 73 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Columns 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Columns 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, linen polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money thrown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the men who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1119

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative engaged; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amounts of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 10 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904–07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1135

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apollia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Lambert Master, * of the MADONNA from Naples, do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 43 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and writes), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

13—1110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom your passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) to the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relatives or friend; and if so, what relatives or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relatives or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steam-ship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 10 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

15—1110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom pas-age was paid, as self; husband, father, brother, or other relative; friend, steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Columns 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Columns 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 8 (Able to read and write).—Column 8 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia), and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—The entries in column 11 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, etc.

Column 15 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States; and if so, when and where).—The entries in column 16 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 32.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904–07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (*city* or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relatives; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904–07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

11—1115

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "In transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Able to read and write).—Column 8 is subdivided and the entries therein should be either Yes—Yes (can read and write). No—No (can neither read nor write). or Yes—No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

African (black) refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. An alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Liguria, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Lucania, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia), and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—The entries in column 11 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 13 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 14 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years), and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 42.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti of Liguria, Piedmont, Lombardia, Venetia and Emilia) and their descendants whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1901-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Master, of the* S.S. MADONNA, from Naples, do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, thirty-two in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

15—1113

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, *either* for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—4156

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 97.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 12 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 13 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other *relative*; friend; steamship company, etc.

Column 16 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Williams, Inspector.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, Gaetano Master,* of the MADONNA, from Naples, do solemnly, sincerely, and truly declare that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 73 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W'd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for examples: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Reasonable suggestion should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that reasonable comparison accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 21.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and *city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894 07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; said if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers to these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, beam polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the main who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

11—4110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

TURKISH (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, *and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1884-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply an engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

D—1170

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

D—1170

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; *friend*; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904–07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), W.d (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 10 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 12 (Last permanent residence).—The entries in column 12 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 13 (Final destination).—The entry in column 13 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of $50, and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Columns 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Reasonably complete should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality. Said manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—2135

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 20 (Last permanent residence).—The entries in column 20 should show the country, *and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1903-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 20.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through to transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Ownership occupation should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "sojourn" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish

15—2252

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., comprehensive of Piedmont, Lombardy, Venetia, and Romagna) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., comprehensive of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, *and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if so, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place: as, 1903, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Jaubert master * of the SS Madonna, from Naples, do solemnly, sincerely, and truly declare, that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 43 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in future reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1121

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South American Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $30, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1903, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 6 (Age).—The return of age in column 6 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of such alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, sheet polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of "*In transit*;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "*tourists*" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

B—1135

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, *and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who any permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom your passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

(Column 6 (Age).—The return of age in column 6 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W'd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1125

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Final permanent residence).—The entries in column 10 should show the country, *and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as: 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, bone polisher, steel polisher, iron worker, wood turner, etc., and not simply as engineer, polisher, worker, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "In transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 10 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 12 (Last permanent residence).—The entries in column 12 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence (independent country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 13 (Final destination).—The entry in column 13 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 14 (Whether having a ticket to such final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whose sex between paid).—The entry in column 15 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of $50, and if less, how much).—The entry in column 16 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States; and if so, when and where).—The entries in column 17 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place: as, 1904-07, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 18 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 19 to 21.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Jaubert Masse,* of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 10 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

35—2110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e. compartimenti of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 20 (Last permanent residence).—The entries in column 20 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 21 (Final destination).—The entry in column 21 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 22 (Whether having a ticket to such final destination).—The entry in column 22 should be either Yes (ticket) or No (no ticket).

Column 23 (By whom were passage paid).—The entry in column 23 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 24 (Whether in possession of $30, and if less, how much).—The entry in column 24 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 25 (Whether ever before in the United States; and if so, when and where).—The entries in column 25 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place: as, 1904-07, Philadelphia.

Column 26 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 26 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 27 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In the connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether coming in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, farmer or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the EXACT amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1896–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, S. Kirketer, master,* of the KRONPRINZ WILHELM, from Bremen, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 30 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W-d (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Prince" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—4110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartimenta of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, Capt A. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 2 (Age).—The return of age to column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), W (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

41—419

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South American Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia), and their descendants whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States, country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relatives; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—2195

AFRICAN (BLACK).

"African (black)" refers to the African Negro whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place: as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 47.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—2110

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

(Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might go specially come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1128

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartimenta of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place: as, 1903-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 27.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), W (widowed), or D (divorced).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of *final destination*, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers to these columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, G Richter, master,* of the Kronprinz Wilhelm, from Bremen, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 17 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

I, Dr E. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifests.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1119

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, *and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 42.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

I, A. Richter, Com. * of the "Kronprinz Wilhelm", from Bremen, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 30 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 10 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 11 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South American of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whose was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $30, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 21.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 6 (Age).—The return of age in column 6 should be expressed in years or months, the latter appearing only in those under 1 year of age.

Column 7 (Sex).—The entry in column 7 should be either M (male) or F (female).

Column 8 (Married or single).—The entry in column 8 should be either M (married), S (single), W (widowed), or D (divorced).

Column 9 (Calling or occupation).—The entry in column 9 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Primarily occupation should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—1119

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." I, A. Richter, Commr., * of the "Kronprinz Wilhelm," from Bremen, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 210 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W'd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as for example: Civil engineer, stationery engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

15—2115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States; country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom passage was paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, horse polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "In transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "Traveler" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be carefully observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that citizenship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination, if within the United States country, if outside the United States.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States: and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend: and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers to these columns are subject to revision by any inspection officer in the examination of aliens.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the [redacted] city or town of final destination.

Column 12 (Whether having a ticket to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 6 (Sex).—The entry in column 6 should be either M (male) or F (female).

Column 7 (Married or single).—The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival; as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9 (Able to read and write).—Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—2135

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 12 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 13 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 14 (Whether having a ticket through to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 16 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 18 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 28.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1116

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the [illegible] *States* [illegible] *and if so, when).* The entries in column 15 should show whether [illegible] before; and if so, the year (or period of years)

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood farmer, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as *self*; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 21.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1118

AFRICAN (BLACK).

"African (black)" refers to the African Negro whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—2118

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

11—1118

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1118

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Columns 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 37.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French," by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purpose that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

11—1115

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write). No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1113

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $30, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States: and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894–97, Philadelphia.

Column 16 (Going to join relatives or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 5 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 16 (Going to join relatives or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—2110.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and stay returning from a visit abroad, should be recorded on manifests as United States the country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend, charitable company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United [illegible]).—The entries in column 15 should show whether or [illegible] before, and if so, the year (or period of years) and [illegible]

Column 16 (Going to join relatives or [illegible]).—The entry in column 16 should show [illegible] so, what relative or friend, with [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1113

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the [redacted] destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

I, H. 11—1113

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"[illegible]n" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"[illegible]" refers to the people of Central and South America of Spanish

11—1113

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town, of last permanent residence., It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having relatives [illegible] final destination).—The entry in column 12 should be either Yes (or [illegible]) or No (no pickle).

Column 13 (By whom [illegible] passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Color, as 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1904-07, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—[illegible] entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1111

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

18 should be either Yes (or few) or No (or none).

Column 18 (By whom the passage paid).—The entry in column 18 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 19 (Whether in possession of $50, and if less, how much).—The entry in column 19 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of [illegible] should be divided among the several members of the [illegible].

Column [illegible] (Whether ever before in the United States; and if so, when and where).—The entries in column [illegible] should show whether or not Yes or No) in the United States before; and
